

## Snowflakes

Said the first little snowflake  
Whirling from the sky,  
"I'll rest in that apple tree,  
So I can stay up high.

The second little snowflake  
Twirling softly round  
Said "I shall land upon the earth  
I'm safer on the ground."

The third little snowflake  
Said "Through the air I'll whir  
'til I rest on some girl's shoulder  
And to school I'll go with her.  
'til I rest on some girl's shoulder  
And to school I'll go with her.
